

# COMPREHENSIVE MARKET PULSE ANALYSIS (IWM)

Chillax MAs • MA Cycles • Follow-Through Days & Distribution Days

Daily Analysis • As of 2025-09-05

## EXECUTIVE SUMMARY

Component	Status	Analysis Available
Chillax Moving Averages	■ Active	Moving Average Signals & Display SMAs
MA Cycles Analysis	■ Active	Bull/Bear Cycle Analysis & Statistics
FTD/DD Analysis	■■ Not Available	N/A

## CHILLAX MOVING AVERAGES ANALYSIS

**Chillax Moving Averages** provide trend confirmation through multiple SMA analysis. The system evaluates analysis SMAs for signal generation and display SMAs for visual confirmation.

## MOVING AVERAGE CYCLES ANALYSIS

**MA Cycles Analysis** tracks price movement relative to key moving averages, identifying bull and bear market cycles with statistical analysis of cycle lengths and patterns.

## COMBINED MARKET ASSESSMENT

■ Active Components: Chillax MAs, MA Cycles

■ Market Pulse Methodology:

- **Chillax MAs:** Trend confirmation through multiple timeframe moving average analysis
- **MA Cycles:** Bull/bear cycle identification and statistical pattern analysis
- **FTD/DD:** Institutional buying/selling pressure using O'Neil methodology

### ■ Analysis Recommendations:

- Review each component for comprehensive market understanding
- Cross-validate signals across multiple indicators
- Consider timeframe consistency in decision making
- Monitor signal clustering for increased reliability

### ■ Technical Notes:

- All charts use consistent data sources and timeframes
- Individual component reports available for detailed analysis
- Signal parameters follow established market timing methodologies
